# Welcome to Our Product Catalog

A 4th Generation Legacy in Precision Engineering

## ABOUT THE COMPANY

With roots dating back to 1930, Vijay Parsvanath Enterprises continues the legacy of craftsmanship and trust built by our founding family. Officially established through Sushil Enterprises in 1990 by Mr. Sushil Jain, the business is now led by his son Mr. Varnit Jain—ushering in a new era of innovation, technology, and global outlook since last 10 years.

With 90+ years of heritage and 48+ years of domain expertise in metal and plastic fittings, we are a trusted partner for OEMs, exporters, and manufacturers across industries. We proudly operate with a state-of-the-art in-house tool room, customized moulding services, and the capability to develop/import specialized fittings and components on demand.
